*We share the cost of the **shuttle system** provided for customers to travel between these three events.

General (often asked) question about Art in the Park...and the answers.

Q: Are there any benefits for WAA members as exhibitors at Art in the Park?

A: Current WVAA members are waived the screening fee. WVAA members, as first time applicants and with any changes in their work, are required to submit the photos of their work and booth for the screening. Current WAA members who are returning exhibitors get the first choice of booth locations. Current WVAA members who volunteer at Art in the Park are allowed early set-up.

If you are interested in more information regarding an individual booth at Art in the Park, applications and application information may be obtained at www.wivalleyart.org or from the current Art in the Park Exhibitor Coordinator or Chairperson.

Q: Why are applicants screened for Art in the Park?

A: The mission of the WVAA is Art Education for the Community. In order to filter inappropriate applicants and protect the caliber of the show, it is necessary to screen the applicants. By screening for original, high-quality art and craft work, we are continually educating and exposing the public to the work of artisans, and supporting the art community by offering a venue to display their talent and sell their work.

Q: As a returning exhibitor, am I guaranteed a booth for Art in the Park each year?

A: No, in order to meet the requirements of a screened art and craft fair, the screening committee must evaluate each application on its own merit through photographs and information provided on the application. To provide a well-balanced show and variety for the customers, we limit the number of exhibitors. Jewelry, pottery and woodworking/furniture generally fill early, but each category varies from year to year. To have the best chance of being screened and accepted into the show, it is highly recommended that you submit your application with high quality photographs of your work.

Q: Is Art in the Park only event that is held at Marathon Park that weekend?

A: No, Currently and for the past 20 years, there are 2 events held at Marathon Park during the weekend. **Art in the Park** is in the **Exhibition Building** and **East Gate Hall (Youth Building)** and the area between these buildings.

“**Art Word**” is another event that is organized as a private business venture and is **located in and by the Multipurpose buildings and the Calf Barns**, directly behind Art in The Park show buildings
